

WHERE EDUCATION MEETS INNOVATION

Established in 2015, Milkyway is a progressive preschool brand from the City of Joy – Kolkata, started in association with KREEDO – Bengaluru's experts in Early Childhood Care and Education (ECCE) – and Indian Association of Science & Application (Kolkata).

INNOVATIVE PROGRAMS

Milkyway Preschool believes that though books provide knowledge but hands on experience supporting the knowledge helps to retain and understand the concepts better. Therefore, the preschool provides a child-centric, activity-based and friendly environment, which ensures children's maximum output. It follows Montessori-based curriculum, which incorporates Indian culture so that a child always feels at home and shines like a star.

AWARDS & ACCOLADES

Over the years, Milkyway Preschool has been recognized at both national and international platforms for its education and innovation.

2017

- Top 100 Preschool in India at AKS Education Awards

2018

- Best Innovative Preschool Award at National Education Leadership Awards
- Best Preschool of the Year at International School Awards in Dubai

ABOUT THE FOUNDERS

SANJIB ADHIKARY

Sanjib Adhikary is an engineer by profession with inclination towards social activities. He is the co-founder of Indian Association of Science & Application. He had been the Secretary for Bratachary of Pali Mangal Samity and Scouts & Guides. He had been elected as the General Secretary of Pali Mangal Samity for 10 years. Some of his social initiatives include Free Coaching and Distribution of books & notebooks to poor students; organising Flood Relief Camps, Science Exhibitions, Blood Donation Camps, Yoga Camps, Scout & Guide Activities, and much more.

INDRANI ADHIKARY

Indrani Adhikary (M.Sc., B.Ed., MBA) is a teacher by profession. She has worked with children of all age groups. She is the co-founder of the Indian Association of Science & Application. As an educator, she has been organizing specialized sessions on Career Counselling, Motivational & Personality Grooming, Talent Showcasing, Training for Women and Teachers, Child Care, besides Nutritional Camps and Parental Workshops.

"Each child is a bundle of potentialities, which are yet to be discovered. It is our duty to identify and support these traits. We are not dealing with one or two traits but a galaxy of them, and thus Milkyway Preschool happened."

- Indrani and Sanjib Adhikary
